

## Introducing the ultimate gifting platform.

**Why Gift Experience Management™ is the most comprehensive solution for gifting**

**Gift a product or gift card without selecting an SKU.**

**Deliver digitally without a shipping address.**

**Instant Digital Delivery can reduce expedited shipping costs**

**Virtual exchange eliminates restocking and return costs**

GiftNow's holistic Gift Experience Management (GXM) platform takes the friction out of gifting—letting gifters send gifts and gift cards digitally in seconds via email or text. Recipients receive a personalized gift notification and can then modify or exchange the gift on their device, before it ships. And it's not just about retail. Our holistic GXM solution means great experiences for all kinds of giving, from sales gifts or conference swag to HR gifts—and a whole lot more.

### GIFT EXPERIENCE MANAGEMENT FOR RETAIL

**Finally, gifting that works for retailers.**

Get more shopping days in a year. Curtail or eliminate exchanges. Reduce expedited shipping costs. Help improve customer acquisition. All while delivering the kind of personalized experiences that helps turn customers into lifelong fans.

### WHY GIFT EXPERIENCE MANAGEMENT?

**Get your gifting in order.**

The GiftNow GXM platform improves gifting by gathering data and insights into a safe, central location to deliver a holistic view of gifting efforts across your organization. By creating a central, accessible place where gifting data can be managed and analyzed, GXM empowers teams to make strategic decisions—creating order out of chaos.

### GIFT CARDS

**It's time to reinvent your gift card program.**

Gift cards haven't changed in years. While digital gift cards exist, they're not living up to the kind of amazing, personalized experiences today's consumers expect. GiftNow is here to take your current gift card solution into the 21st century to give you the ability to offer more personalized, seamless, and exciting gift card experiences that can drive revenue and loyalty.

### PRODUCT GIFTING

**Own the gifting experience and prosper.**

GiftNow gives your online customers a seamless way to buy gifts and send them in minutes—via text or email. Recipients enter their own shipping info and have the choice to modify or exchange gifts before they ship. Gift-buyers enjoy an anxiety-free path to purchase. And virtual exchanges means fewer returns and leads to reduced shipping costs for retailers—for bigger margins. It's a win-win-win.

# GiftNow

## GiftNow Can Fuel Business Growth
